

The Electrochemical Society Student Chapter at The Ohio State University

Student Chapter at Ohio State

Mission

(1) Provide students the opportunity to foster a greater understanding as well as promote electrochemical and solid-state science and technology amongst its peers, (2) to further enhance their professional development and to enrich their academic experience

Contact Info

President – Fen Zhang zhang.4773@osu.edu

VP – Christopher Bernard bernard.238@osu.edu

Treasurer – Julen Bascaran bascaran.1@osu.edu

Demographic

A group of 5-10 highly driven graduate, undergraduate student researchers, faculty and staff who promote the study and understanding of electrochemical topics, and their real-world applications

ECS is seeking the following student/industry interactions:

- Tours given at local industries focusing on electrochemical topics, including networking with R&D department
- Research collaborations with companies to facilitate professional interactions and encourage further research/internship opportunities
- Invitation of industry representatives to give seminars on campus
