

THE OHIO STATE  
UNIVERSITY

DEPARTMENT OF  
**CHEMISTRY AND BIOCHEMISTRY**

# OCHEM TALKS

**OCHEM TALKS** is a graduate-student run organization devoted to planning seminars focused on organic chemistry and providing opportunities for students to interact with established individuals in the organic research community.

## Previous Honorees

John Wood, Baylor (2018)

Barry Trost (2017)

Sarah Reisman, CalTech (2016)

Erik Sorenson, Princeton (2015)

## Contact Information

**Primary:** Allen Prusinowski  
(Prusinowski.4@osu.edu)

**Secondary:** Blaise Truesdell  
(Truesdell.27@osu.edu)

## OBJECTIVES

To host natural product chemists for the Hart Symposium.

Educate the general student body on chemical industry and academic positions.

Advising partnerships, collaborations, and inspiring innovation.

Seeking industry speakers with focus in organic synthesis for upcoming OChem symposium
